Let's decide now!

Do not panic!

Which one should we rely on?

Let's interpret these together!

We are just so "human"

I dare not say...

Oh, no!

What did I hear?

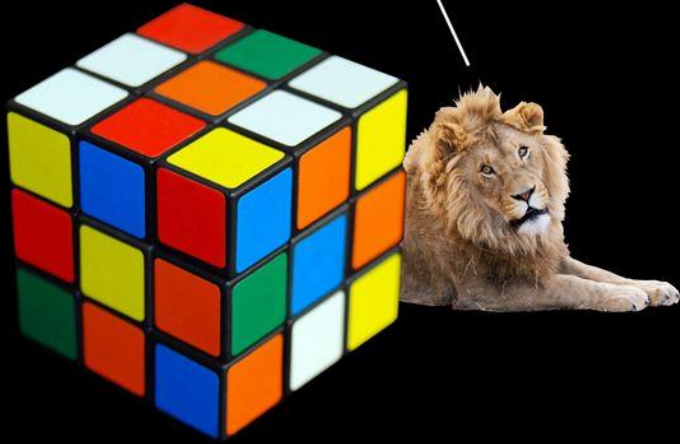

Knowledge is power!

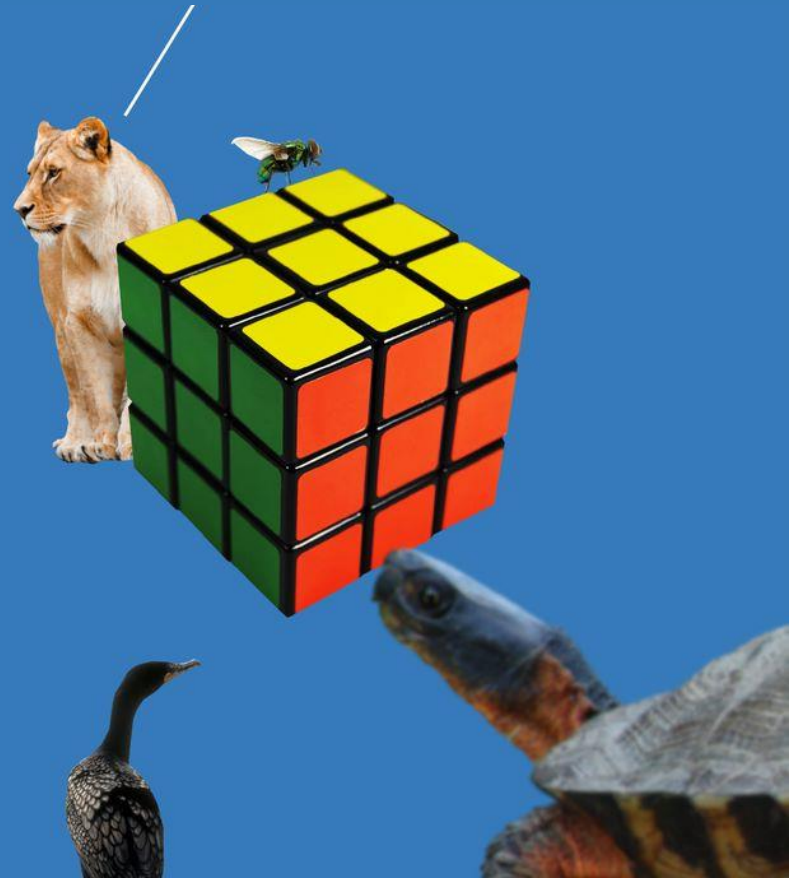

How about co-creation
and democracy?

Too tired.

We began to play with algorithms.

What could we put on
the list?

AGENDA

New role(s)
for science?

Could we come up
with something new?
